

LE VOYAGEUR
2026 Collection

EXCEPTION
IS OUR RULE

ou are a hedonistic traveller: for you escape is an art of living and elegance is a way of life.

You firmly believe that travel should always be an incomparable experience and that your destination is less important than how you get there.

For you, travelling is not just about getting from one place to another; it's an art in itself.

It is the art of going in style, the art of living a French lifestyle but on the move, of enjoying life's pleasures and of exploring in complete comfort and safety.

The Eterna and Heritage ranges, born of 45 years of expertise in designing premium vehicles, represent the perfect combination of technical expertise and contemporary design. Every model is unique, created to make all of your trips truly exceptional ones.

THE EXCEPTIONAL – IT'S WHAT WE DO

Driven by a deep desire to perpetuate the excellence of French craftsmanship, our employees have only one aim: to make the exception the absolute rule.

From the design office to the workshop, our motorhomes are exclusively designed and manufactured in Angers, in the west of France. Aerodynamics, ride comfort, handling and finish for us, every little detail counts.

Thus 45 of our best experts work tirelessly to turn your dream of perfection into an equally extraordinary reality.

PASSION GIVES RISE TO EXCEPTION

Our Eterna and Heritage ranges are born of a desire to create an exceptional vehicle wholly devoted to satisfying our most demanding customers.

In the domain of the exceptional, however, know-how and technical mastery in themselves are not sufficient. What makes each of our motorhomes unique is not the purity of their design or the reliability of their technology.

Our work is exceptional because it is filled with soul. The soul of passionate people, ever willing to place their talent and high standards at the service of true perfection.

PAUL, **LE VOYAGEUR DREAM-MAKER** **FOR THE LAST 6 YEARS**

“What I am passionate about in my job is building an exceptional prestigious product that will enable its owner to satisfy his or her desire to get away and travel. I feel that I am personally contributing to this dream in my own way.”

STÉPHANE,
LE VOYAGEUR CO-DESIGNER
FOR THE LAST 16 YEARS

“ It has always been my ambition to design a really meaningful product. Co-designing a LE VOYAGEUR individually with each client ensures that every last detail of the design is exceptional and unique. I like to constantly challenge myself and imagine our clients' future living quarters, and above all, to share their pleasure in discovering each detail of their new travel companion. ”

MARIE,
LE VOYAGEUR ENTHOUSIAST
FOR THE LAST 9 YEARS

“ I am happy to devote long hours to my passion, working and transforming materials. Shaping, sanding, taking the time to achieve a perfect finish so that each assembled part helps breathe life into every single LE VOYAGEUR vehicle. ”

EXCEPTIONAL UNIONS

The Heritage range marks the emergence of an outstanding vehicle on a Mercedes base vehicle. It was a union full of promise: combining the power and reliability of German engines with the elegance and style of French design.

LE VOYAGEUR Heritage will thus carry you to every corner of the world effortlessly and in complete safety. But since you are a demanding traveller, it will also offer you top-of-the-range comfort and will imbue your journey with great looks.

2021

2026

Building on its success, the Heritage range is adding two new models designed to fulfil your every wish to escape: the LVXH 6.9 LF, compact and easy to master, perfect for two people travelling, with plenty of space and a generous kitchen, worthy of an apartment so that you can cook like at home. Along side it, the LVXH 7.9 GJL that can be configured with a fifth registered (driving) seat and that stands out with its modularity, its design, thought out right down to the slightest detail for tailor made comfort. Whether you are looking for agility or space, these models concentrate all of the LE VOYAGEUR travelling expertise. Now to share these precious moments of freedom, take advantage of a roomy lounge that seats 5 to 6 people.

THE JOURNEY

IS GREATER THAN THE DESTINATION

Five years ago, LE VOYAGEUR and **Mercedes** rejoined forces, rekindling their shared history, one that is part of the brand's ADN.

A natural alliance born of shared values of reliability, comfort and style.

Since then, **the Heritage line** has not stopped changing and winning over clients. Its success is such that every day we are encouraged to imagine new layouts, to refine every detail and choose ever more noble materials. For this partnership, that is still going strong, is based on a simple ambition: bringing you a unique travel experience where every moment counts, even more than the destination.

LUXURY

ON THE MOVE

Naturally, the furnishings and equipment are top-of-the-range, the materials are naturally noble, then there are the clean lines, the impeccable finishing and the fully customised interior...

But the real luxury is waking up in the soft light of early morning and looking out of the window of your bed at the sea. Walking across the sand on a deserted beach, having breakfast in the comfort of your own home, serenaded by the sound of the waves... Before taking to the road once more in search of a new setting for the evening, taking the time to discover a beautiful village and its inhabitants, to taste a local speciality... Then negotiating a few hairpin bends before reaching the top of a cliff for dinner under the stars.

TRAVELLING IN SPACE

Luxury is being able to travel without constraint and move freely. At the very least, the Heritage collection ensures your total freedom of movement. Indeed, this is a collection that thinks big and has been designed to offer you the maximum amount of space possible. Like a yacht, its numerous ergonomic storage spaces free up space to create real living areas entirely separate from one another.

In every model, you will feel like you are in a real room. Their fully modular interiors will adapt to your every desire.

STREAMLINED DESIGN

The elegant curves and harmonious lines from the front to the rear of the vehicle lend a dynamic appearance to your LE VOYAGEUR motorhome. The interior design is clean and functional, while the noble materials and the impeccable finish are the hallmarks of a top-of-the-range vehicle.

- One-piece polyester front and back
- 3 m high
- 2.3 m wide

A TRULY EXCEPTIONAL STRUCTURE

To live your journey to the full, you must set off with a free mind and complete confidence in your travelling companion. The Mercedes Sprinter engine combined with an AL-KO chassis offer you the best possible pairing of reliability and robustness to take you wherever your dreams lead.

1

ALLYING POWER AND TECHNOLOGY:

A Mercedes Sprinter engine coupled with an AL-KO chassis to give:

- unrivalled robustness
- uncompromising reliability
- improved stability
- greater width
- lower ground clearance
- Euro VI E certification: Heavy Duty

2

THE WALLS

This robust insulation lets you enjoy your motorhome year-round.

3

THE FLOOR

Smart, practical, insulating double floor: the frost-proof fresh and waste water tanks take up minimal space. Thanks to its 26 cm height, many parts can be stored in the floor.

INCOMPARABLE

DRIVING COMFORT

Driving will quickly become one of the key pleasures of your trip as the Heritage range offers you the very best in everyday driving comfort.

Many inbuilt features are now included as standard, turning your driver's seat into a genuine control centre. You can easily adjust any setting you want to make your drive safer and more enjoyable.

And to enhance your safety and peace of mind, every feature possible has been automated, from turning on the lights to adaptive cruise control.

PLENTY OF STANDARD FITTINGS

- 170 hp engine
- 9-speed 9G-TRONIC automatic transmission
- Tyre pressure monitoring system
(not available on the three-axle version)
- Alert system for night and long distance driving
(Attention Assist)
- Assisted emergency braking and adaptive brake lights
- Cruise control and speed limiter
- Hill holder
- Crosswind stabilisation system
- EPS
- ABS
- Stop and Start system
- Driver and passenger airbags
- All LED lights
- Electric handbrake
- Multifunction leather steering wheel
- Reversing camera: long-distance and wide-angle view
- Semi-automatic air conditioning as standard or automatic as option
- 92-litre tank

A SMART VEHICLE

The Heritage collection offers you the most high-tech features available on the market, in line with its premium positioning:

This means the **MBUX system**, a true AI system that intuitively adapts to your habits and behaviour.

The **FULL BOX** so that you can control the vital parameters of your motorhome, or the driver-assistance system, **DRONE VIEW**, which lets you gain a 360° view, as if a drone was flying above your vehicle.

1

THE MBUX SYSTEM

- Controlled via the multifunction steering wheel, touch screen or buttons below the screen
- 10-inch touch screen with GPS as standard and reversing camera display
- Smartphone integration: Android Auto, Apple CarPlay
- Hands-free function via Bluetooth interface
- USB interface

2

FULL BOX A SPACE THAT ENABLES YOU TO MONITOR ALL KEY DATA FOR YOUR VEHICLE

- Real-time water level tracking
- Battery charge tracking
- Air conditioning and precise heating management with setting (to the nearest degree)
- Vehicle lighting and auxiliary device management
- All of these functions can also be controlled via the LE VOYAGEUR app able for Android and from the App Store.

3

360° CAMERA WITH DRONE VIEW

- Large landscape display with a dynamic view that complements the drone view.
- 4 x 180° high-definition cameras on all 4 sides of the vehicle
- A computer-generated image of the actual vehicle on the screen gives the illusion that a drone is hovering overhead
- No more blind spots at ground level under any conditions
- Dashcam
- May also be used as a video surveillance system during the day and at night (night vision).
- Optional: view of the drainage section for positioning the vehicle and activating the valve.

LE VOYAGEUR
Eterna

ELEGANCE THROUGHOUT YOUR ENTIRE

JOURNEY

For its **45th birthday**, LE VOYAGEUR invites you to rediscover travel with a **special anniversary edition**.

The LV 7.8, headline models of the Eterna range, are available in an exclusive version combining luxury, innovation and comfort. These prestige vehicles are designed for demanding travellers, those who seek the exceptional in every detail. The Eterna range, with its refined finish, continues to offer you far more than just a vehicle: rather a travel companion for unforgettable adventures.

FREEDOM WITH FETCHING LOOKS

Despite its prestige and high-class standing, freedom is perhaps the greatest luxury that LE VOYAGEUR has to offer you. Immediately from the outset, depending on whether you turn right or left at the end of your street, you will discover completely different countries and cultures.

Scrambled eggs and smoked fish by a Scandinavian lake or chocolate con churros in Spain? Do you prefer to drive along the coast with the sea to your side or do you favour taking the back roads to discover small villages?

Do you like to dine in the warmth of your living room on the edge of a forest or under the stars, or with the beach as your terrace?

LE VOYAGEUR offers you the luxury of considering all options safely, reliably, and always with French chic.

LET YOURSELF **BE CARRIED ALONG**

Compact and easy to drive, the LV 6.8 and LV 7.0 motorhomes will always get you to your destination in style. With its spacious living areas, the LV 6.8 is a real mini-loft, ideal for two people travelling together. The LV 7.0 GJF is ideal for family trips thanks to its compact design, light weight and style.

The LV 7.5 is the perfect combination of high comfort and simple mobility. The separation of its different living spaces lends an apartment feel, as if to invite you to adopt this motorhome as your second home. With an exceptional payload of 1 000 kg, this luxury travel heavyweight nevertheless remains easy to operate.

REDESIGNED DRIVING COMFORT

The Eterna Range range features the new, higher performance FIAT Euro VI E engine range which delivers significant improvements: lower fuel consumption, lower emissions and 8-speed automatic transmission with maximum torque of 450 Nm.

Thanks to its new AMC VARIO SPACE AL-KO chassis lowered by 90 mm, you can enjoy greater safety, stability and road handling. And you even get extra storage space.

NEW SMART DESIGN

The new double floor in the Eterna range has been specially designed to provide superior quality weathertightness and insulation, protecting you from the cold and providing optimal comfort year round.

As well as protecting the fresh water and wastewater tanks from freezing, the new structure of this 35 cm-high double floor provides greater storage space and frees up more room inside your LE VOYAGEUR.

Thanks to its aluminium sidewalls and its 3D mesh coating, heat is optimally diffused, improving the heat release by 30% compared with a plywood sidewall.

1 TRAVEL FAR AND WIDE, FOR LONG SPELLS IN ANY SEASON

Enjoy additional storage space and easy and safe access to the entire electrical system. This section has been completely overhauled in the Eterna range.

2

NEW MULTIPURPOSE DOUBLE FLOOR

The heated, insulated double floor stores heat and releases it in the same way as underfloor heating. With a level floor from the front to the back of the vehicle, it also provides more storage space.

COMFORT AND SAFETY

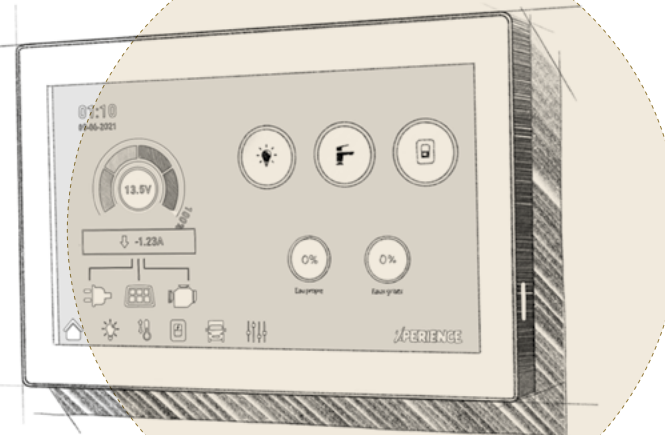

French luxury combined with technical expertise to offer you well-being, durability and safety throughout your journey.

1

CONTROL PANEL

Opt for a single central control panel to operate all vehicle functions:

- ON/OFF switch (heating, lighting, radio, TV, USB ports, 12 V sockets, and water pump).
- Separate lighting level controls for each area.
- Autonomy information (fresh water, wastewater and leisure battery levels).
- TRUMA®/ALDE® heating system controls with temperature, hot water, electricity and gas settings.
- All of these functions can also be controlled via the LE VOYAGEUR app able for Android and from the App Store.

2

OPTIMAL VISIBILITY

The system comprises an onboard camera for each wing mirror and a control screen that divides in four. The vehicle's rear-view camera is also connected to this display.

LE VOYAGEUR

WORKING HAND IN HAND

TO BRING YOUR DREAMS TO LIFE

Tell us about your dream motorhome and we will build it for you. To ensure that it truly reflects your image and makes you feel entirely comfortable, we offer you the possibility of customising it. We take the time to help you decide on the characteristics of your ideal travel companion: layout, interior design, finishes, and more. From the moment your vehicle is built and throughout its life cycle, we are always here to help.

LUXURY

AT ITS VERY BEST

Whichever LE VOYAGEUR you choose, you will find a welcoming atmosphere inside. The natural, textured Riviera wood or the blond Dune wood give your interior a comforting softness.
