

LE VOYAGEUR

45 YEARS WE HAVE MADE TRAVEL EXCEPTIONAL

First and foremost, Le Voyageur, is a dream come true. The dream of one man, Georges Sacier, who wished to travel far and sought to make the ideal travel companion.

A vehicle that would live up to his ambition, one that would be reliable, elegant and radically new. In 1981, his dream came true with the first Mercedes Benz-based motorhome: Le Voyageur 600. The first motorhome that could be fully customised and was able to take even the most impetuous travellers over the horizon.

A revolution in the world of luxury travel, making exceptional the new normal.

Since then, our brand has never ceased to travel through space and time, guaranteeing every traveller an experience as great as their thirst to discover the world outside.

Today, far more than a dream, Le Voyageur is a human adventure sustained for 45 years thanks to the will and talent of hundreds of men and women.

Engineers, technicians, designers, working together have made their demands serve perfection, thereby making the brand the national market leader in premium recreational vehicles.

Exclusively French sense of detail and expertise has built our success and remains our pride.

SPECIAL ANNIVERSARY EDITION

After 45 years of a collective adventure, Le Voyageur is pleased to celebrate this French exception, with the creation of an anniversary collection.

Available on all LV 7.8 models this, very special edition offers many details, options and finishes, guaranteeing you even more comfort and greater ease of use.

A NUMBER OF GIFTS

To celebrate, your motorhome comes with a unique anniversary logo on the outside and elegant 45 years embroidery on your leather upholstery.

You will also receive a special 45 years gift pack comprising:

- a leather folder for vehicle papers
- a keyring
- a bottle cooler
- a car blanket
- two bath towels
- four wine glasses
- two coffee cups
- four leather beer mats
